

Busy weekend planned for Minden carnival

Get set, get ready and lets all go to the Minden Kinsmen Winter Carnival to be held in Minden this coming weekend Friday, January 31, February 1 and 2.

This year's Minden Winter Carnival boasts a busy and varied weekend with a program interspersed with turkey and chili dinners, dances for young and old, licenced bars, fish derby and

a beer garden.

The big weekend will be kicked off on Friday night when one of the highlights will be the Carnival Queen contest. The judges this year will be selecting two Snow Queen's rather than one as in past years. A new category Junior Snow Queen '75 has been added this

Newly elected warden for Haliburton County Reg Booth is shown after he had received the Warden's robe from 1974 Warden Murray Fearrey and read out the oath of Office at the Inaugural meeting of County Council held in Minden on Tuesday, January 21. Warden Booth thanked council for their confidence in electing him and asked for continued support throughout the year. He congratulated Mr Fearrey on his achievements in 1974 when he did an excellent job for Haliburton County and he promised concerted effort to hold the operation of the county in reasonable balance during 1975. The new warden is a veteran county councillor, reeve of the municipality of Anson, Hindon and Minden, and a Minden businessman.

Good and bad news

Hockey tournament successful, but Haliburton fans miss action

First the good news - this tournament, our first, was a resounding success. Everything ran so smoothly that all of us wondered what huge problem awaited us around the corner. No great problem confronted us and the entire three days ran right through on schedule. Compliments flowed in from the visiting teams and they all assured us they would be back next year.

Now the bad news - Our local residents stayed home in droves. Our visitors must have had the impression that everyone in town had left for the weekend.

It is estimated that 450 to 500 adults came from up to 200 miles away to cheer their teams on: Haliburton was represented by those of us working on the tournament plus that handfull of local fans who always come out to cheer our youngsters.

A dance was held Saturday night for the visitors, and in spite of the dirty weather there was a turnout of about 150 people including only 11 people from Haliburton.

The writer has attended tournaments in many parts of the country and has never seen such a lack of interest by a host town and the sad fact is you don't know what you are missing. It's time we all faced the fact that, like it or not, in Haliburton, tourism is our major industry, and if we don't put out a little effort to make our visitors welcome we will never catch up to the tourist areas that do.

Back to the good news - This tournament provided some of the most exciting hockey this town may ever see. An extremely well-trained team from Bolton caught the appreciative eye of most fans from the first game when they defeated Finehurst 5-1. John Rouble, who referred that game was heard to exclaim between puffs, as he leaned against the boards, "My God are they ever fast!"

On Saturday the Bolton team faced West Hill from the M.T.H.L. "A" division.

West Hill coming off a 10 to 1 win over Bancroft appeared to be the favourite, but the Bolton team skated with them every inch of the way to a 4 to 4 tie at the end of regulation time.

A "shoot off" was called for to declare a winner. This requires each team to send out a selected player to take a "penalty shot" on the opposing goalie. If both score, or both do not this is repeated with a second selected player, and so on until only one of the two players scores.

This game required five tries at each net before Bolton became the winner.

Bolton carried on with a tight 2 to 1 win over Globe hockey club, another M. T. H. L. "A" division team, Sunday to win the "A" division championship. Meanwhile in the "B" division Oak Ridges defeated Haliburton 4 to 0, Schonberg 3 to 2, and Georgetown 5 to 2 to win the B division championship.

The Grand Championship called for the "B" champs to face the "A" champs. Bolton jumped to a 2 to 0 lead in the first period and appeared to have things under control. Oak Ridges came back early in the second with two quick goals and tied it up. Bolton managed to regain their lead before the end of the second with two more goals. Oak Ridges wouldn't be denied and scored the only two goals in the third, the last with only twenty-two seconds on the clock. After a five minute rest the two teams hit the ice again in sudden death overtime. Both clubs were tired this being their second game in the day, and their fourth of the weekend. Suddenly at 7:32 of the overtime period Paul Beck drifted a shot past the Bolton goalie, Russ Rowley, and it was all over. The "B" champs had defeated the "A" champs for the Grand Championship trophy put up the Resort Owners.

Clubs losing their first game went into a consolation round with Bancroft defeating Finchurst and North West to win the A consolation championship, and Hillcrest, from MTHL "B" defeating Bobcaygeon and Willowdale to win the "B" consolation championship. It happened again - Hillcrest went on to defeat Bancroft 5 to 1 and pick up the Consolation Grand Championship awards.

Snowarama plans set

This coming Sunday, February 2 hundreds of snowmobilers will be setting out from Minden and Haliburton on a 100-mile snowmobile rally known as Whipper Watson's Snowarama, a fund raising effort for crippled children.

The basic concept of the plan is to establish a 100-mile course in each division in a location where snow is a certainty and lake ice is sure to be safe, each participant in the ride is to solicit and collect pledges to the Society for Crippled Children (in the manner of a Walkathon) to be honoured upon his successful completion of the ride.

The net proceeds will be divided equally between the Ontario Headquarters of the society and the various Easter Seal Clubs within the region.

As an indication of the effectiveness of this fund raising method, Susan Brower, Snowarama co-ordinator finished last year's ride with \$2,900 riding with her.

Here is every snowmobiler something worthwhile for a very worthwhile cause and have a lot of fun doing it. Scheduled date of the big event is this Sunday, February 2nd.

News Letter

Congratulations this week to the management of the Finchurst Boys Club from the Willowdale area who donated a trophy for the most valuable player in last weekends' Kashagawigamog Atom Tournament. It was a nice gesture. The Willowdale team were also participants in the tournament.

Application by Cardiff Cable Limited to amend its cable television broadcasting licence for Cardiff, Ontario and to change the distribution channel of CKGN - TV - 2 channel 2 Bancroft, Ontario from 3 to 2 has been approved.

We have just received word that Don Goodwin who has lived in Huntsville for the past fifteen years working with the ministry of tourism has been transferred to Arnprior. Don is well-known in this area as he worked closely with the local chamber of commerce to promote the tourist industry. We wish Don and his family the best of luck as they move to their new home in Arnprior.

The Rotary Club of Haliburton held ladies night at Wig-A-Mog Inn last Saturday night.

Two big events are on tap for this weekend, Minden Kinsmen Winter Carnival and Snowarama.

To enjoy happy, carefree snowmobiling there are three basic components of the sport to consider: a good driver, a mechanically sound machine that is well maintained and well-groomed snowmobile trails. The professional snowmobile drivers, who compete in snowmobile races and cross country long-distance snowmobile events, know that to be a good driver of any powered vehicle it is necessary to have the right attitude and apply a good deal of common sense. The professionals will tell you that both are most important in snowmobiling because the machine seems so easy to operate.

Our congratulations to Reg Booth, reeve of the Municipality of Anson, Hindon and Minden who is the new warden for Haliburton County for the year of 1975.

Several citizens in Haliburton have been complaining about too many dogs running at large. The local municipal council have decided to do something about it and they are going to levy some stiff fines to these owners who are letting their dogs run loose. You had better keep them tied up as action is going to be taken in this matter.

Don White, district manager of the Ministry of Natural Resources at Minden addressed members of the county council at its Inaugural meeting. Don spoke on several topics including, fish planting, new parks, predator control, forest management. He stated that 33 fires were burning in the district last year and that two lake survey crews were also out last year.

The Haliburton Fire Department have been called out on a few occasions lately, nothing serious just a few chimney fires.

The Junior and Senior Snow Queens for the Minden Winter Carnival will be crowned this Friday night at 6:45 at the Minden Arena.

Along the Trails

By Roy Bates

With all that has been written in past weeks about this event to raise funds for Crippled Kids it is hardly necessary to say more, but a brief outline of the route to be used and some advice for the safety and comfort of the participants might be in order.

There will be two starting points on one circular course. Take your choice of Haliburton or Minden. From Haliburton the trail runs from the High School area down the Kashagawigamog chain of lakes to South Lake and on to Minden, by-passing the village by way of Pike's Peak and a crossing of the river at the old highway bridge near Walker's Lumber. Just North of Minden, Haliburton riders will merge with the riders out of the fairgrounds at Minden. All will continue along the tri-tail route up the lakes from Mountain to Hall's.

At Hall's Lake, Haliburton riders will find rest rooms, a food stop, and refuelling station. Food and fuel is provided free of charge. Lorelea Lodge is catering the food. Minden riders will continue through.

The trail goes North to Big Hawk and Red Pine then Southeasterly to Kennisis, Redstone, Millers Lakes and the hydro line to Fort Irwin. Here, Bayview Birches Restaurant will provide food for the Minden people. A refuelling station and rest rooms, will also be located here. Haliburton riders will continue through.

Still following the tri-trail, the course crosses Haliburton Lake to South Bay, then South to Drag Lake and back to Head Lake and the finish line. Minden riders will carry on to finish where they started at Minden.

Ten or more checkpoints will be established at road crossings or cottage sites. Don't miss one, or your effort will be aborted. Trail patrols will shuttle between checkpoints. If you should happen to break down, simply raise the hood of your snowmobile and wait for help.

Instructions for registration: Take your pledge sheet, with names and addresses legibly printed, to the registration booth at your starting place. If you have collected money, this must be attached. Unpaid pledges will be billed by the Society for Crippled Children. You will be given a number for your machine and a checkpoint card. Remember the card MUST be turned in at the end of the ride.

Each snowmobiler MUST begin the ride with a full tank. Carry the usual spare parts - drivebelt and plugs - and dress warmly. We cannot predict next Sunday's weather, so come prepared for anything from bitter cold to a raging blizzard. A face mask or balaclava is a must on the lakes. You may not need it, but it can't prevent frostbite in your dresser drawer.

Advice for the trail: There are a number of known hazards along the route. They will be well marked, but in the case of blowing snow the markers may not be readily discernible. When passing through narrows, approaching a shore, or travelling near a stream, stay in line on the track and keep a safe distance from the rider ahead of you. Don't be a wanderer.

And, please, leave your jug at home this time.

Huskies downed in weekend play

On Saturday January 25 the Huskies played host to the Little Britain Aces.

Little Britain opened the scoring at 17:56 on a power play. The Huskies came back at 19:59 to tie the game on a goal by Bev Hicks.

The second period stayed quiet until the 17:28 mark when Roger Bain scored, but the home town club only held the lead for two minutes until Little Britain tied things up. The period ended 2-2.

In the third Little Britain hit fast and hard scoring at 1:05, 2:05 and 7:40 and the 13:00 minute mark. The Huskies scored in the last minute of play to round things off at 6 to 3 for the visitors.

On Sunday the Huskies travelled to Lakefield to meet the League leading Lakefield Kingdon Lumber Chiefs. The game stayed close until the 9:49 mark of the second period when Lakefield went ahead 3-2 then they added two more to end the period 5-2. In the third the Lakefield club

dominated the play and added three more goals to end the game at 8-2 for Lakefield.

This Saturday the Huskies will host the Bobcaygeon Tie Cats who beat the Haliburton Huskies 5-4 in Bobcaygeon in their last meeting. Game time will be 8 p.m.

Students design posters

Grade 5 students in Victoria and Haliburton Counties are presently working hard on their entries for the Dental Health Week Poster Contest. This is a promotion held each year in our counties to help publicize

Dental Health Week February 2 - 8.

Students and parents are invited to visit the Public Library in Lindsay during Dental Health Week to see all the school-winning posters on display.

year for young ladies age 8 to 12 years with first, second and third - place prizes of \$25, \$15 and \$10. The Senior Snow Queen '75 competition will be open to single girls age 13 to 18 with first, second and third place prizes of \$100, \$50 and \$25 respectively.

Other attractions on Friday night will be the starting of the Minden Curling Club bonspiel for the Hiram Walker trophy, broomball game between Alton Mowers and the O.P.P., Intermediate hock-

ey, Minden Monarchs vs. Elmvale and a "Sock Hop" at the Archie Stouffer Public School.

Everybody loves a parade and the giant carnival parade will highlight the Saturday festivities starting at 12:30 p.m. Other Saturday attraction will be minor hockey games, log sawing contest and log chopping contest, Canadian beer drinking championship for the Progress trophy, broomball games, figure skating, arts and crafts show and sale sponsored by the

Haliburton Guild of Fine Arts, snowmobile events, tug-of-war, horse drawing contest, moccasin dance on the ice, and many other interesting attractions.

On Sunday some of the highlights will be curling, tug-of-war, fish derby weigh-in, free public skating and snowmobile drag races.

So there you have it fun and entertainment for every member of the family this weekend at the Minden Kinsmen Winter Carnival. It promises to be a weekend to be long remembered.

Organizations hold successful hockey tournament

Our hats are off this week to the Lake Kashagawigamog Tourist Association and the Haliburton Minor Hockey Association which got together through co-operation and worked shoulder to shoulder in bringing last weekend's successful Atom hockey tournament to Haliburton.

The success of this tourney proves what can be done when two organizations such as these get together for a common cause.

In order to have any kind of a successful event it takes great leadership and this is just what we had with these two active organizations.

This was without a doubt the biggest hockey tournament Haliburton County has ever seen and the promoters are to be congratulated on

their efforts.

A three-day hockey tournament such as this not only brings the fans some action-filled hockey, but it also stimulates the economy in a month when business isn't all that good.

The Lake Kashagawigamog Tourist Association is a very active group and we are really pleased to see the active part they are playing in the community. They are promoting many interesting events throughout the year.

Look on the brighter side of life

If we are not careful the year 1975 could go down in history as the year of gloom and doom. Many local citizens tell us that they have reached the point where they have ceased to listen to the news on TV and seldom read a daily newspaper with all its troubles and heartaches.

We have to admit that if we let today's news get us down that it's enough to send us to the nut house. Don't be discouraged because there are a great deal of good things still happening in Haliburton County and the world that we never read about.

In this day and age the people who really get us down in the mouth are those who go around

day after day preaching gloom and doom. These are the people who keep telling us that things are so bad that we will soon be starving to death and that a depression is just around the corner. We don't believe it. When this happens everyone stops spending and it's bound to hurt the economy.

It's time that we started to look on the brighter side of life and tell ourselves that things are going to be good and they will be.

Let us all make it a point to stop preaching this gloom and doom and if we do you will find that we will be in for a year of sunshine and smiles.

Welcome to the winter carnival

This week we say welcome to the Minden Kinsmen Winter Carnival which gets underway this Friday and continues through until Sunday.

The Kinsmen Club of Minden who have taken over the annual carnival this year along with the participating townships of Anson, Hindon and Minden, Lutterworth, Snowdon and Stanhope have gone all out to bring an exciting weekend of activities for the thousands of people who will be in Minden for this occasion.

The winter carnival will not only be a time when everyone gets together to join in the many sports activities, but it will also be sort of an old-home-week when all former Mindenites will be coming home to join with their friends families. It's a time for renewing old friendships and making new ones when everyone will be joining together to share in this fun-packed weekend.

So why not make it a point to come to Minden this weekend and join in the fun that awaits you at the Minden Kinsmen Winter Carnival. You'll be glad you did. See you there.

Open letter to Harcourt, Wilberforce residents

An open letter to the people of Wilberforce and Harcourt area.

In recent weeks there has been a vicious rumor being spread around about two citizens. One from each village. There is not one speck of truth in the whole story. It is a complete fabrication.

It was said that it first appeared as a newspaper article. There is no record at the said newspaper.

Also the police departments of Canada and the U.S. put all of this sort of information into a computer in Ottawa. There is no record there either. So it is a figment of someones imagination. It is too bad such an imagination couldn't be put to better use.

I don't suppose people who repeat "hear say" ever stop to think of the repercussions and character damage an untruth of this type can

do.

Anyone wishing to find the truth of this rumor may do so with a simple phone call to the Peterborough Examiner or to the O.P.P. or both.

I wish this letter had the power to stop this sort of thing but I doubt it, people like to dig dirt especially when the dirt is about some one else.

There is an old saying "People who live in glass houses shouldn't throw stones" and there is a little glass in all our houses.

There is also an old saying "The truth hurts". I don't think that is entirely true, a falsehood can do much more serious damage.

The natural thing to do when you are the victim is to strike back.

This is my poke in the nose.

F. Lewis
Harcourt, Ontario

Letter to the editor

Dear Sir:

I've never written to a newspaper before, but since I may have to leave my home town soon, I guess it doesn't matter if I make a few grammatical errors.

Yes, I'll probably be leaving Haliburton, not because I want to, but because I have to. I'm being driven out by this community's lack of responsibility to provide a decent living for its young people.

I spent almost three years in the Air Force and came back to Haliburton, my home town, with my wife and child, hoping to live and prosper here. That, Mr. Editor, is impossible and it's time someone woke up to that fact. There are many businesses in this county that are doing quite well. In fact, if we the public could see their books, we would be shocked to see how well they are doing! There is no need to mention names. Anyone who has lived here knows which ones I mean.

I don't begrudge these businesses of doing well. What bothers me is that all they will pay is starvation wages - \$2.50, \$2.75, \$3.00 per hour. This just isn't fair to us, when times are as hard as they are.

People from the city say you've got it made living in a beautiful town like Haliburton. IT JUST ISN'T SO!!

Rent here for a house is at least \$120.00 a month plus heat and hydro. This brings the total to \$180.00. You pay the same in the city for an apartment. Food is higher here than in the city, especially in the summer when the prices are jacked up for the sake of the tourist trade.

It is a well-known fact that clothing is more expensive here than in the city. There are very few things that are cheaper here; of yes, there is one - entertainment is cheaper - we haven't got any.

So, you say what's the difference? I'll tell you the difference. In the city they're making \$4.00, \$4.50, \$5.00 an hour instead of \$2.75 and that's a big difference.

Yes, we and every other young couple like ourselves in Haliburton County are slowly but surely being driven away; and the Chamber of Commerce, or someone, had better wake up to the fact that without us, this town will soon become an old age home for the retired.

If every word I've spoken is not the truth, then just ask any citizen of this town where his son or daughter is or plans to be working; it won't be the beautiful Highlands of Haliburton.

Why can't we have industry? It's not because they might pollute and destroy our country-side. Muskoka has industry and beautiful country-side.

If industry comes in here, the wages go up, then those fat cats are going to lose a little bit of their precious bucks. Well, I feel sorry for them, because to me it seems the more money you get the more you want and that's a disease I hope I never get.

I just want a decent living where I can feed and clothe my family with a little left over for an occasional luxury. A person can't afford that up here. In Haliburton that is the Impossible Dream.

A lot of people won't agree with me but

there are a lot of young people just starting out that will.

Thank you for listening to my views.

Sincerely yours,
Peter Schellenberg,
West Guilford, Ont.

The Stanhope Airport Committee held its annual Public Meeting on January 13th. Present were members of the Committee, and visitors from the community.

Tom Nunn opened the meeting by welcoming those present, and pointed out that the By-Laws under which the Committee operates require that Committee members be elected each year at a public meeting. Accordingly, to conduct the elections he called upon Mr Harry Davis to take the chair. The 1975 Committee is as follows:

Council Representative - Mr Harry Davis
Secretary-Treasurer - Louise Watson.
President - Tom Nunn
Vice-President - Derek Rolfe
Other Members - Don Barnett; Al Rawlins; Pamela Rolfe; Elaine Nunn; Jackie Cyran; Les Northey; Jim Csanig.

The Secretary's report indicated the growing popularity of the Airport as the Pilots' Register reveals that aircraft came in from 297 different points in Ontario, 6 from Quebec, 1 from Kamloops B.C., and 13 from the United States. Some Flight Instructors from Hamilton and Toronto sent their students to Stanhope on their cross country flight prior to licensing.

The main event in 1974 was the June Centennial Fly-In and Air Show. It was a great success. The weather was just right, the program was good, and participation of local organizations and residents very helpful - the Stanhope Firemen - Neil Foster of Mr Fogg's who acted as Chef - the local Branch of the Ministry of Natural Resources who did the water bombing - the Minden O.P.P. and our own Stanhope By-Law Enforcement Officer - the Kinsmen ambulance from Minden, also the Kinsmen Chuck Wagon (here it should be mentioned that the proceeds from the Chuck Wagon were given to the Cystic Fibrosis Foundation).

Right after the June Fly-In preparations began for one in September. Mr Emmerson, of Emmerson Lumber, had some contact

with Steve Douglas of CKVR talk show "This 'N That". He spoke to him about giving the Committee some time and a date was arranged prior to the September Fly-In date. Our Publicity girl, Elaine Nunn, appeared on the show along with two of the Carling Aerobatic Team and did a fine job of advertising our Air Show (which unfortunately was cancelled due to bad weather).

The cancellation was a keen disappointment - not only to the Committee, but to the performers. The Export Balloon attendants stayed on the field till afternoon hoping the weather would clear - the Carling Team phoned in every hour during the morning - Reserve Squadron 411 phoned in from the USA where they had been performing - Two of the Parachute Team motored up, with family, and stayed around for a few hours. It was bad, but the Committee had learned to take the bad with the good, and carry on with plans for the next time.

In October a breakfast was served to 38 members of the Maple Flying Club 400. Facilities at the Airport for an undertaking such as this are rather limited in the way of dishes, toasters, frying pans, etc., so the Committee Members brought them

from home. The Club plans to make this an annual event.

To recount some of the improvements made this past year - by way of several work parties - a deck across the back of the building was built by our two carpenters, Derek Rolfe and Tom Nunn, with the dubious help of some of us trying to wield hammer or paint brush. They also built our own barbecue, constructed of steel and sheet metal on cement block pit, with electric motor to rotate the spits. It was used for the Picnic we gave for those friends & neighbours who helped at the Fly-In, also for a few family groups - and it was loaned to the Haliburton Festa-Colour, who gave us a donation of \$25.00 for its use. Shang-ri-La also had the use of it for their summer event, and donated \$10.00.

New windows were set in the South wall facing the runway and Mr Wm. Locke was commissioned to make aluminum windows for them. The Unicom communication equipment was improved, and is very helpful to pilots coming in. An extra counter top was purchased and set up in the kitchen.

The drainage at the far Eastern end of the runway was particularly bad in the spring of 1974. The water

became quite deep and the runway had to be closed for about three weeks. The Browndale Organization came to the rescue by loaning their back-hoe machine. Tom, Derek, and others worked for about two full days digging drainage trenches, putting in crush and drain tiles. It dried up nicely in time for the June Fly-In.

As before, a roster was set up to cover the period from June 1st to October 31st which provides for a member to be on duty each Saturday, Sunday and Holiday, during that period. Each member serves only two or three times during the season. It works out very well, because not only is considerable gasoline sold, but pilots can get a coffee and perhaps a sandwich. Revenue from gasoline sales is remitted direct to the Township Office.

These improvements would not have been possible but for the consistent and dedicated work of the Committee members and the many friends who have helped. To them many thanks.

The new Committee at its first meeting will begin to make plans for the 1975 season. June 1st is already set for the first Fly-In. Consideration will also be given to what improvements can be undertaken this year.

Minden OPP reports eight accidents

During the period of January 20 to January 27 there were 41 general occurrences reported and eight motor vehicle collisions reported.

There was one charge laid under the Liquor Control Act, nine break and enters investigated, and two charges of impaired driving laid.

Damage was estimated at nearly \$1,200.00 when two vehicles struck head-on on the Fletcher Bay Road on Saturday, January 25 at 4:30 p.m.

A vehicle driven by Gerald Seip, 21, of 89 Thomas Street, Streetsville was northbound and a vehicle driven by John Stroud, 36, of R.R. 1, Ancaster was southbound. The vehicles struck head on

over the crest of a hill.

Mr Stroud complained of pain following the accident and a passenger in his car John Kalapos, 49, of Ancaster also complained of pain. Dale F. Card, 13, of Streetsville, a passenger in the Seip vehicle received bruises.

Estimated damage to the Seip vehicle was \$750.00 and \$400.00 to the Stroud vehicle.

The accident was investigated by O.P.P. officer J.G. Martin.

Leslie W. Dennison, 21, of Minden has been charged with careless operation of a motorized snow vehicle when it struck the left rear of an unattended parked car on the main street in Minden

on Saturday, January 25 at 2:20 p.m. Estimated damage to the motorized snow vehicle was \$150.00 and to the parked car \$10.00.

Constable W.G. Popp of the Minden Detachment of the Ontario Provincial Police investigated.

The fit never quit.

Former reeve injured

We are sorry to report that Charles (Slim) Brandon, Minden Businessman and former reeve of the Municipality of Anson, Hindon and Minden was badly injured last week due to an accident at his home in Minden.

He was preparing to go to work at 8:30 in the morning when he decided to go down to the basement to make a slight adjustment to one of

his appliances. One of the basement steps broke away from the wall sending Mr Brandon in a fall of ten feet - he landed on the basement cement floor. It knocked him out cold for about five minutes and tore all the ligaments in one foot. He also suffered several bad bruises.

We join with his many friends here in Haliburton County in wishing him a speedy recovery.

haliburton Highlights

We are sorry to report that George Brooks former owner of the Beaconbrook Hotel at Haliburton passed away at 3:30 p.m. on Wednesday, January 22 at the Newmarket Hospital. The late Mr Brooks was in his 73rd year.

We were in error last week. Gary Agnew never made it home as reported but was moved from Peterborough to St. Michael's Hospital in Toronto. We join with all of Gary's many friends in wishing him a speedy recovery.

Renovations are underway of the interior of the Driftwood Restaurant in Haliburton. Many changes are being made and more tables and chairs will be added to accommodate the customers.

The Dysart Council is really going to bear down on dog owners who are letting their dogs run at large. The new section of the by-law reads as follows. "For the purposes of this Section a dog shall be deemed to be running at large when found in any place other than the premises of the owner and not under the control of any persons. First offence \$10.00 and costs, second offence \$25.00 and costs and the third offence \$50.00 and costs.

Patients at the Red Cross Hospital in Haliburton this week are as follows: John Sibley, Mrs Della Roberts, Mr James Billings.

The Reeve's Corner

By Reg Booth

Did you know that the HIGHLAND CREST HOME is YOUR home? The home was built with the assistance of the Provincial Government, and is subsidized by the Provincial Government. Some of your tax dollars are used to pay the bills, so all of us should be interested in its operation.

The Committee of Management responsible for the month to month operation of the Home is named by County Council, and consists of members of County Council elected by the Municipalities throughout the County. This committee meets not less than once a month in the board room of the Home.

The "Home" has a capacity of 60 beds for residents and at present there is a waiting list of nearly 20 senior citizens waiting for admission. These are selected in the order of need, as recommended by the Home Physician.

A very competent staff maintains watch over all residents, and much personal attention is given each day to residents needing personal care and encouragement. The building itself reflects the dedicated care of the housekeeping staff which can only be appreciated by a visit to the Home.

The total cost of operation in 1975 may well total \$450,000.00 which shows the size of the operation. Mrs E. Bursey is the capable administrator, and keeps a close check each day on every part of the administration and control.

These are your tax dollars, so if you haven't inspected the HOME, why not make a visit and shake hands with those who give, and with those who receive. Try it!

Obituary

Thomas Alfred (Bruce) Mason entered into rest at Minden Red Cross Hospital November 16, 1974.

Bruce Mason was born at Roland, Manitoba, the son of the late John and Alexandra Mason on August 19, 1902.

His family moved to Haliburton County when he was a few months old and he lived here most of his life. Although his love of the outdoors and travel took him on trips to the prairies and northern Ontario harvesting, hunting, guiding and trapping several times, blacksmithing was his trade. He lived on North Water Street in Minden from April 1958 until his death November 16, 1974.

Left to mourn his loss are his wife Grace, two stepsons Philip Holden of Kapuskasing, Ont. and Wayne Holden of Ennismore Ont. Also four stepgrandsons of Kapuskasing Ont. One sister Brittan (Mrs Albert Carr) of R. R. 1, Haliburton, Ont. Also one niece Lynn (Mrs

Wm. Cowen) and great nephew, Darryle Cowen of R.R. #2, Little Britain, Ont.

Bruce's only brother Roy Mason passed away in St. Michial's Hospital, Toronto, Ont. November 27, 1974.

The late (T.A.) Bruce Mason rested at the John Welch and Son Funeral Home Minden until Monday November 18, 1974 at 1:30 p.m.

The funeral service was conducted by the Rev. Douglas Brown of St. Paul's Anglican church, Minden.

Interment was in Twelve Mile Lake Cemetery R.R. #2, Minden Ontario.

Pallbearers were three brother-in-laws Ross Pammett, Arthur Reynolds and James Robinson all of Peterborough, Ont. Two cousins: Mr Wilfred Mason and Wm. Chambers of R.R. #2 Minden and Wm. Cowen of Little Britain, a nephew.

Many donations of flowers and money to his wife showed the great love and esteem Bruce's friends felt towards him.

If you had a savings plan that gave
you high interest and let you save tax dollars,
you'd call it smart. That's what we call it.

Introducing SMART

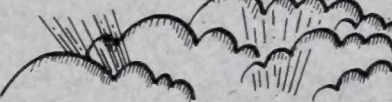

We figure with inflation
and taxes taking more
and more of your
earnings, it's become
harder just to get by now, let alone save.

That's where the Commerce SMART registered savings plan comes in. The SMART plan is really a double-barrelled savings plan. It not only gives you good compound interest rates on the money you save, but it also saves you some of the money you'd normally pay on income tax.

For example, if your taxable income is \$10,000, and you put \$1,000. into SMART you'd only pay taxes on \$9,000.

You see, since the SMART plan is registered with the Government, the Income Tax Act lets you deduct a certain amount from your income and lets you accumulate this money tax-free until you really need it. Your accumulated savings will be treated as taxable income in the year they are paid out to you.

At the Commerce we think a plan that allows you to SAVE MONEY AND REDUCE TAXES is smart. Which is why we named our plan the way we did.

SMART

Save Money And Reduce Taxes

How much money does it
require to start?

The minimum contribution has been set at \$50. And you can contribute as often as you like. The amount you wish to save (within allowable limits) is entirely up to you.

You may, if you choose, make a single lump sum deposit. Alternatively, the Commerce can make it easy for you to save systematically — regular transfers from your chequing or savings accounts can easily be arranged.

What's the best age to start
contributing?

You can begin at any age so long as it's before your 71st birthday. In fact, the sooner you start the better.

Because, how much you end up with in your Registered Savings Plan depends on how long your money has been accumulating as well as the amount you've contributed and the interest rate you earn.

For instance, if you started saving \$1,000. a year at age 25 and assumed an average compound interest rate of 7%, your retirement savings would amount to \$220,723. at age 65. On the other hand, if you waited until age 45 and contributed \$2,000. a year at the same 7% compound rate, your savings would only total \$89,014. even though you had contributed exactly the same amount (\$40,000.).

So you see, the whole idea is to let your money keep working for you as long as possible.

Can you make withdrawals
from your SMART plan?

While withdrawals are not permitted you may de-register your Plan. At that time, your accumulated savings will be treated as taxable income in the year received. However, you may use

your savings to purchase
an annuity thereby
spreading your taxes
over a number of years.

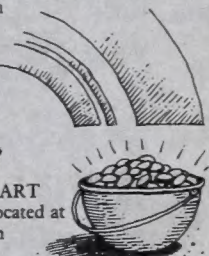

Is SMART the plan for you?

The Commerce SMART registered savings plan makes a lot of sense for just about everyone. It doesn't matter whether you're a successful businessman, a busy working wife, a young family man, an active career girl, or someone who's just interested in a good savings plan.

How can you
start SMART?

Come to the SMART Information Centre located at the Commerce branch nearest you.

We'll be glad to help you set up your SMART plan or give you any further information you may need

Snowmobile regulations amended Pre-shrink

The Ministry of Transportation and Communications has recently amended the regulations governing the operation of motorized snow vehicles in Ontario.

The amendments cover such areas as registration, insurance, speed limits, reporting of collisions, wearing of helmets and obtaining written permission from the land owner in order to drive on his property.

The changes that will apply to the owners and operators of snowmobiles this season are:

On the sale of a new vehicle the dealer must register the vehicle with the Ministry and pay the annual licence fee. (In the case of a machine used exclusively on the private property of the owner of the machine application may be made for a refund)

As well as being prohibited from driving on the roadway of a King's Highway you are now also prohibited from driving on the shoulder.

Carrying of proof of insurance is now required when using public trails as well as on a highway.

If a snowmobile is involved in a collision on or off the highway ... including private property ... which results in personal injury to any person or in damage to property including that of the owner of the snowmobile exceeding \$100., the operator shall report the collision to the police as soon as possible.

Speed limits have been set for the operation of

motorized snow vehicles when being driven on a highway, upon any public trail, or in any public park or exhibition grounds.

Under the new legislation, a "public trail" is defined as any motorized snow vehicle trail established and maintained in whole or in part by public funds.

Where the speed limit on a road is 30 miles per hour or less, no snow vehicle may be driven at a greater speed than 15 miles per hour. This speed limit applies in any public park or exhibition grounds.

If the highway speed limit is greater than 30 miles per hour, the maximum speed permitted for snow vehicle operation is 30 miles per hour. This is also the maximum speed permitted on any public trail.

Municipal by-laws may vary speed limits provided signs are erected. Municipalities have the right to pass by-laws regulating, governing or prohibiting the operation of snowmobiles anywhere within their boundaries, on or off the highway.

The operator of a snowmobile driving on private property is required to stop and give his correct name and address at the request of the owner or occupier of the property.

The towing of a cutter, toboggan or sled is not permitted on a roadway or shoulder except to cross at any angle of approximately 90 degrees. Towing is not permitted anywhere except by means of a rigid tow bar.

Helmets must now be worn by all snowmobile operators, passengers and persons being towed by a snowmobile, when on the roadway, shoulder or a public trail. Helmets must comply with standards established for motorcycle helmets.

All snowmobile operators must obtain written permission from the owner or occupier of land in order to drive on the property. Where an owner gives permission to a club, the permission extends to all members of the club. Trespassing on private land while operating a snowmobile is an offence carrying a fine of up to \$500.

The new legislation contains authority for additional control and regulation which will not come into effect until next season. These relate to identification of the vehicle as well as driver licensing and age limits. A further announcement will be made on these subjects at a later date.

Pre-shrink your income tax!

Until you retire, probably with a lower taxable income than in your working years, you pay no income tax on the fund you build up in your Registered Retirement Savings Plan. People can put as much as \$4,000. a year into this deferred tax haven. Meanwhile, your wealth increases — cumulatively — on the money you save from today's taxes. Start your Plan today at Victoria and Grey.

Ottawa river travelled by man for more than 5,000 years

By E.N. McKenzie
Lands & Parks Supervisor

According to archeological discoveries the Ottawa River has been travelled by man for 5000 years and probably for a few thousand years longer than that.

Early explorers noted the many rapids and falls that existed in the early sixteen hundreds. Along with the fur traders, missionaries and lumbermen who followed, they experienced the furies and the awe-inspiring beau-

ty of this river.

The Ottawa River is still steeped in history and legends even though many of the falls and rapids and some of the rock formations (previously objects of superstition by the Indians) have lost the battle of time to hydro development projects.

The source of the "Ottawa" is Lake Capimichigama, about 155 miles north of the capital city of Ottawa. While many of the

major features of the river are greatly altered today, the Upper Ottawa Valley has retained much of its early appearance of early settlement days.

Along the tributaries of the Ottawa River, (particularly the Madawaska, Bonnechere and Petawawa Rivers) an ever increasing number of today's explorers paddle ancient canoe routes in hopes of finding minerals, fossils, historic mill sites or some small indication of this long past era.

To aid these "Twentieth Century Explorers" the Ministry of Natural Resources, under the 1974 S.W.O.R.D. Program, (Students Working on Resource Development) gathered data on portages, rapids and Crown land camping sites along the Ottawa, Madawaska, Bonnechere and Petawawa Rivers. The plans are to have this information prepared in the form of a brochure and made available to the public for the summer of 1975.

To our shut ins we send greetings and get well wishes from our community.

Mrs Perry Morrison and children accompanied Carrie Morrison and spent a weekend at Detlor with Mrs Gladys Turriff.

Jack Frost has caught up with us. It was 28 below Monday morning at Bethynia Farm and over the weekend a little more snow, so the bush skidooring and lake traffic is much better.

Maple Lake news

Now that the holiday season is over, the weather is the main topic. Not much snow yet and not very low temperatures. Beware you skidoors of the lakes.

Mr and Mrs Wellard Barry and children left Toronto for England January 8. Bidding farewell to friends and relatives and Canada, playground of the West.

Word has been received from Sandra Konowalchuk and they have gotten a house and are settled in as much as possible at Box 895 Greenwood Nova Scotia.

The A.C.W. met at the home of Mrs Winnie Johnston with eight ladies present. The usual form of the meeting was followed. The Darcas gave out yarn to be knit into cosy garments for winter bails for the less fortunate northern communities, tea toweling was ordered and our 76 church calendars. Next meeting February 12 at Minnie Sessions. Mrs Johnston served a delicious lunch and cup of tea.

Mrs Carrie Morrison spent two weeks with relatives and friends in Ajax, Bowmanville and Oshawa.

Sincere sympathy is extended to the family of the late Tom Redner on neighbour and Mr Donovan of Minden.

Birthday wishes are extended to all who have one in January.

Gems of Truth

THE BURNING BUSH

"And the Angel of the Lord appeared unto him in a flame of fire out of the midst of a bush". (Exodus 3:2) The place where the shepherd Moses beheld this miracle was none other than Horeb, the "mountain of God". This seems to have been the place Jehovah made choice to reveal Himself. It was also called "Sinai". At this mountain the Almighty Self-Sufficient One appeared to Moses in a burning bush. (Exodus 3) Some years later at this same mount Moses' father-in-law met him and gave him some worldly-wise advice (Exodus 18:19) Here also Jehovah God wrote the two Tables of Stone (the law) for Israel. (Chapters 19 and 20) and later spoke with Moses (Chapter 24:14-18). It was also to this mount where the prophet Elijah fled as Jezebel threatened his life and the Lord God gave him a new and thrilling vision of Himself, the Almighty One. (1 Kings 19:8)

In the Exodus appearing to Moses, the Word says "The Angel of the Lord appeared unto him in a flame of fire out of the midst of a bush, and he looked, and, behold the bush burned with fire, and the bush was not consumed. (Exodus 3:2) The "Angel" was none other than God the Son in Divine Presence and Glory. When the opposition of Jesus wanted to corner Him regarding His resurrection teaching, He made reference to the "burning bush" account and the conversation with Moses (Mark 12:26-27)

The "bush" Moses saw was but an ordinary thorn bush. In this fact there lies

considerable significance. From Genesis Chapter 3 we know that thorns came as a result of sin. The thorn bush was nothing less than God's symbol of the sinfulness and worthlessness of the Children of Israel who were in deep and desperate bondage to the Egyptians. They were sinners before God just as much as their taskmasters and other existing nations and people. In themselves they did not merit deliverance and one must constantly remember this vital fact. Israel's deliverance rested wholly upon the unconditional Covenant Jehovah God had made with their father Abraham (Genesis 12:1-3) and confirmed in chapter 15.

Moses saw the "bush" burning but it was not consumed. What could be the mystery of this phenomenon? What might it mean? Was it not due to the presence of the supernatural "Being" in its midst? The presence of Jehovah in the midst of the "bush" was the secret of its preservation.

How exceedingly significant the picture! We learn here that the nation of Israel cannot be consumed by the fires of affliction, suffering and persecution. That people is an indestructible people because the "Hand of Jehovah God" is in their midst, even throughout this present Church age. They may be a worthless thorn bush, nevertheless, God's Covenant with Abraham holds this people from being

consumed.

How typical is the history of the three Hebrews in the fiery furnace and their marvelous deliverance. (Daniel 3:19-25) In all these milleniums Israel has not been consumed. They are even at this stage of the plan of Jehovah God again in the land where Moses led them years hence. Pharaoh had tried to extinguish them some thirty-five hundred years ago. Haman tried the same years later. More recent the fires of Hitler

paved the way for a return to the land, his plan failed. The "Great Tribulation" spoken of by Jesus in Matthew 24 and 25 still awaits this people BUT GOD! Who can thwart His promises and plans?

The miraculous mystery of the bush, which burned with fire and was not consumed, is the mystery of suffering, afflicted Israel with God's preservation for future world purposes. God is not dead. He is very much alive, far more so than those who oppose His plan for Israel. They (Israel) are as indestructible as Jehovah God Himself. (Isaiah 43:1-3).

Haliburton County Council meets

County Council of the Provisional County of Haliburton assembled for its Inaugural Meeting at 2:00 p.m. Tuesday, January 21, 1975, with Clerk-Treasurer Winifred Lahay in the Chair. Certificates of Office had been filed for all members of Council with the exception of J. M. Howarth, absent from the County, and Gary Agnew, in hospital.

In Attendance: Reginald Booth, Douglas Pritchard - Anson, Hindon and Minden; Malcolm McGillivray, Mack Peters - Cardiff; Murray Fearrey, Lloyd Coneybeare - Dysart et al; Robert Fotheringham, Norman Locke - Glamorgan; Patrick Conaghan, Lloyd Walker - Lutterworth; Keith Tallman - Monmouth; Douglas Russell, Fred Baum - Sherborne, McClintock & Livingstone; Robert Vick, Ronald Graham - Snowdon; Sinclair Nesbitt, James Harrison - Stanhope.

The Rev. Douglas Brown gave a short address followed by prayers for guidance.

The Clerk announced the meeting open for nominations for Warden.

Moved by S. G. Nesbitt, seconded by Robert J. Vick: Be it resolved that Reeve Reginald Booth of the Municipality of Anson, Hindon and Minden be elected Warden of the Provisional County of Haliburton for the year 1975.

Moved by D. Russell, seconded by Norman Locke That nominations for the 1975 Warden be closed.

The Clerk declared Reeve Reginald Booth to be Warden of the Provisional County of Haliburton for the year 1975.

Mr Booth received the Warden's robe from 1974 Warden Murray Fearrey, and read out the Oath of Office. The Chain of Office was then presented by the Clerk to Warden Booth who took the Chair.

Warden Booth thanked Council for their confidence

in electing him and asked for continued support throughout the year. He congratulated Mr Fearrey on his achievements in 1974 when he did an excellent job for Haliburton County, and he promised concerted effort to hold the operation of the county in reasonable balance during 1975.

The Warden introduced Mr Walter Noice, as a past Reeve of Dysart who deserves a lot of credit for the growth of Haliburton County, and other guests in attendance.

Mr William Scott, M.P., congratulated Warden Booth and considered the County to be in good hands. He called for unity and promotion in this growing county.

After a short recess Warden Booth introduced the five new members of County Council and welcomed to their positions.

Mr Don White, District Manager, Ministry of Natural Resources, outlined the many services provided by that Ministry. He mentioned the requisite of ensuring a continuous supply of natural resources for the people, and the particular consideration of conflicting demands for some resources.

The Warden thanked Mr White for his presentation and also for the good relationship and co-operation between his department and the county.

Mr Frank Reinholz of the Ministry of the Environment

spoke to Council about their work for the County, which is directed from the Gravenhurst office. That Branch is responsible for enforcing the Environmental Protection Act within Muskoka and Haliburton in an effort to preserve this beautiful area. It is hoped a cottage pollution control programme may be carried out within the County. One primary concern is to ensure that any development will not harm the County. Mr. Reinholz was accompanied by Inspector for the Ministry, Mr Dave Versteeg.

A message of good wishes was extended to County Council from Mr Glen Hodgson, M.P.P. who had been unavoidably detained in Toronto.

This meeting of council was adjourned until Wednesday morning.

County Council reassembled at 10:00 a.m. Wednesday, January 22nd with Warden Reginald Booth in the Chair.

That minutes of the regular meeting of December 18, 1974, be approved as circulated to all members. Nay Vote registered by P. Conaghan. Motion Carried.

The Clerk read 1974 correspondence referred to January Council from the Township of Glamorgan, County of Victoria and Children's Aid Society, and Association of Counties and Regions of Ontario. Motion that County Coun-

cil approve resolution submitted from the Township of Glamorgan related to the Property Stabilization Grant. Carried.

Past Warden Murray Fearrey reported that the balance of the 1974 accounts had been scrutinized at a previous meeting by himself and Reeve Reginald Booth who was Finance Chairman at that time.

That we approve payment of accounts as listed in the amount of \$26,845.83, representing cheques numbered 684 to 743 inclusive, for the period ending December 31st, 1974. Carried.

The Warden explained to Council the necessity of a bank borrowing by-law for 1975 to the extent permitted by The Municipal Act now based on last year's estimates.

That By-law 932, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to authorize the borrowing of funds from the Canadian Imperial Bank of Commerce. Carried.

Copies of the Steering Committee Report were circulated to all members.

Land Division Committee (three reappointments) - 1. D. Adamson; 2. M. Agnew; 3. R. Colliss.

Natural Resources Committee 1. M. McGillivray; 2. L. Coneybeare; 3. J. Harrison; 4. K. Tallman; 5. R. Graham.

Respectfully submitted: S.G. Nesbitt, Murray Fearrey, Reginald Booth.

Be it resolved that we accept the Steering Committee recommendations as presented in this report. Carried.

Mr Murray Fearrey explained to the Council the purpose of the new Natural Resources Committee, to ensure reforestation programmes, to be concerned with a distribution of natural resource usage; and provide liaison between Federal, Provincial and County levels.

The Warden called for a five-minute recess, followed by the presentation of Correspondence read by the Clerk:

The Honourable William G. Davis, Premier of Ontario: Reference Highways 35 and 121 Intersection.

County of Peterborough: Resolution requesting amendment to Act with reference to wolf bounties.

Townships of Anson, Hindon and Minden: Chamber of Commerce Information Booth and property.

Haliburton Kawartha Pine Ridge District Health Unit: Recommended 1975 budget.

To the Honourable F.S. Miller, Minister of Health, from Gary Agnew, Chairman of Board of Health: re. amalgamation of Health Units.

Peterborough and District Hospital Planning Council: re. District Health Council.

Other correspondence received was listed and circulated.

That the Correspondence Committee ask County Council to concur with correspondence as presented and read. Carried.

That the measures endorsed by the Board of Directors of the Children's Aid Society, reference to a percentage formula fixed at Provincial share 80% and Municipality 20% respectively and that the reasons for this be adopted according to the petition outlined by the Municipal Corporation of the County of Victoria. Carried.

The County Road Report was presented by County Engineer D. Jack Cox who gave a comprehensive outline of activities during 1974

and problems encountered. Attached to the report circulated to all members were five financial schedules showing higher costs than anticipated in some phases of operation, offset by curtailment in other phases, resulting in total expenditures meeting the 1974 budget. The 1975 budget was deferred for establishment by the new Road Committee.

Mr Cox also explained in detail the proposed by-laws which were recommended to

County Council by the Road Committee. Mr Robert Allison, District Municipal Engineer, was in attendance for the Road Committee report.

The meeting was adjourned for luncheon recess at 12:15 p.m. Council reassembled at 1:50 p.m. and continued with County Road Committee business.

Haliburton County Council meeting

considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to confirm proceedings of the Road Committee of the Provisional County of Haliburton. Carried.

That By-law 926, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to amend the by-law adopting a plan of County Road improvement and establishing a County Road system in the Provisional County of Haliburton under the Public Transportation and Highway Improvement Act. Carried.

That By-law 935, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to amend By-law 876 to regulate the placing of gasoline pumps adjacent to County Roads. Carried.

That By-law 936, having been read a first time, be considered read a second and third time, passed, signed and the Corporate Seal attached, being a by-law for the purpose of expropriating property adjoining County Road #10 by the Provisional County of Haliburton. Carried.

That we authorize the Warden, Clerk-Treasurer and Engineer to prepare and sign the annual petition for road subsidy from the Ministry of Transportation and Communications for the 1974 County Road expenditure. Carried.

County Librarian Heather Gardiner distributed a report of statistics on the operation of the library during the year. She outlined activities during the past year, the service being rendered to all Haliburton County Rate-payers, and programmes anticipated for 1975. The Library Board has requested that an additional presentation be made at February County Council for submission of their estimated budget.

That the Library be advanced enough money to carry it until the Budget has been arranged, this advance being in the amount of \$5,000.00. Carried.

Mrs Elsie Bursay, Administrator of the Hyland Crest Senior Citizens' Home, reported on activities and operation of Hyland Crest, which now has a waiting list. The staff are concerned with the welfare and content of the residents as well as efficient operation.

Mr Louis Hodgson, Chairman of the Land Division Committee, gave Councillors statistics on applications for severance received and decisions by the Committee during 1975. It was explained that many of the consents granted were not creating new lots but correcting lot lines, rights of way, and, during the earlier part of the year, partial discharges of mortgages to comply with regulations under The Planning Act.

Mr Larry Perrott, Secretary-Manager of the Haliburton Highlands Chamber of Commerce, told Council that this is the only Chamber in the Province operating on a County basis, and it doubles as part of a Regional Tourist Association. He outlined developments of the Central Ontario Tourist Association which is currently being formed with seven areas.

Mr Louis Hodgson, Chairman of the Haliburton County Economic Development Commission, gave an enthusiastic report on the possibilities for development in this County providing suitable information and services are available, and recommended immediate attention be directed to this need.

That By-law 933, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of confirming By-law 72-26 of the Municipality of Dysart et al in the Provisional County of Haliburton to close that portion of the Original Road Allowance, being Block A in the Township of Harburn. Carried.

That By-law 940, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of confirming By-law 72-23 of the Municipality of Dysart et al in the Provisional County of Haliburton to close that portion of the Original Road Allowance between Lots 30 and 31, Concession VI, in the Township of Dysart. Carried.

That a vote of thanks go to Mr Don White, District Manager, Ministry of Natural Resources for his presentation to County Council, as well for the services and co-operation that he and his office have extended to our County. Carried.

That County Council

concur with the sale of the Information booth property to the Municipality of Anson, Hindon and Minden for one dollar; and that should the land conveyed no longer be used as a tourist information booth, that the land would be returned to the Provisional County of Haliburton for \$1.00. Carried.

That County Council extend a sincere vote of thanks to Mr Bruce Mills for the painting he donated and presented to the County Building in December. Carried.

That By-law 937, having been read a first time, be considered read a Second and Third time, passed, signed and the Corporate Seal attached, being a by-law for the appointment of members to the County

Road Committee, amending By-law 838. Carried.

That By-law 938, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law to re-appoint members to the Land Division Committee of the Provisional County of Haliburton. Carried.

That By-law 939, having been read a first time, be considered read a second and third time, passed, signed, and the Corporate Seal attached, being a by-law for the purpose of appointing members to the Haliburton County Economic Development Commission. Carried.
